

Journal: *Annals of Thyroid*

Manuscript ID: AOT-17-39

doi: 10.21037/aot.2017.12.02

Title: Management of undetectable and lost parathyroid adenoma

Corresponding author: Paolo Carcoforo, Fausto Famà

Dear Dr. Carcoforo and Dr. Famà

The proof of your manuscript is attached on the following pages. Please read through the document carefully to check for accuracy, reference citations, and figures and tables. Please also be aware a professional copyeditor may have edited your manuscript to comply with the AOT style requirements.

In addition to proofing the article, the following queries have arisen during the preparation of your paper. Please address the queries listed below by making the appropriate changes in the text.

If you have any other revisions that you would like to make, this will be the last opportunity to do so before the article is published. In particular, please ensure that the author's names and affiliations have been identified correctly, and the address of the corresponding author is correct.

If the changes cannot be easily described through email, please annotate this proof according to the annotation guidelines as detailed on the following page.

Query reference	Query	Author's response
Q1	Please note that alterations cannot be made after you have approved for publication, irrespective of whether it is Online First.	
Q2	Author SURNAMES (family names) have been highlighted in red, please check that these are correct.	
Q3	Please check affiliations, correspondence details.	
Q4	Please check acknowledgements section and confirm the conflict.	
Q5	Please note that the link with the doi number for the manuscript should be valid only after the whole issue is official published.	
Q6	Tables 2, 3, 10: Please check and confirm the accuracy of the highlighted information "HPTH", as in the text it is "pHPT" (Line 37).	
Q7	Line 136, 156: In the original manuscript, Tables 6 and 7 are out of order, so we revised it. Please confirm it.	
Q8	Line 191, 292, 345, 496, Table 11: Please confirm the revisions for the highlighted information are correct.	
Q9	Table 13: Please provide the full names of the highlighted information.	
Q10	Reference 5: Please confirm the accuracy of this reference.	

Once you have completed your revisions and/or addressed all the queries, or if you are satisfied with the proof in its existing form, please email: e-proof@amegroups.com.

**To ensure the timely publication of your article,
please respond within 48 hours.**

Making corrections

Use Adobe Reader – available for free from <http://get.adobe.com/reader/> – to open the attached document.

Figure 1 Adobe Acrobat X

Adobe Professional 7:

Tools → *Commenting* → *show Commenting Toolbar*

Adobe Reader 8:

Tools → *Comments & Markup* → *show Comments and Markup Toolbar*

Adobe Reader 10 and above:

Comment → *choose either Sticky Note or Highlight Text*

In-text edits Select the appropriate symbol and then click and drag over the text to be modified.

Replace : denotes where the text should be replaced with an alternative option

Strikethrough : crosses out the text

Underline : underlines the text

Add note to text : links selected text with a pop-up note

Sticky notes **To make a note:** choose the Sticky Note option and then click on a desired location

Changing the name: double-click and choose Options → Sticky Note Properties → General → insert desired name

To move: click anywhere (apart from the text field) and drag

To resize: click on the right or left hand order and drag

To close: click the box on the upper right corner; this does NOT delete your note

To delete: click and press the Delete keyboard button or right click and select delete from the drop-down menu

Highlighting **This allows you can highlight parts of the text.**

To highlight: select Highlight and then click and drag over the text to be highlighted. When finished, click on Highlight again to turn off the option.

To change the colour: double-click on the highlighted text and choose Options → Properties → Appearance → Color

Saving your changes:

Click on *File* → *Save* before closing the document.
